THE WARR.

FOGS PREVALENT.

RUSSIANS PRESSED BACK.

THE COMMANDER'S BICKERING.

LONDON, May 25. A fog prevails in the Baltic Strait, between Formosa and the Bashi Islands, north of Japan. It is through this strait the Baltic fleet is expected to pass.

BICKERING IN MANCHURIA.

Scrimishing continues between the Japanese and Russians in Manchuria. The Russians on the right bank of the Yalu have retreated to Taitien, 17 miles west of Fokien.

LINEVITCH AND KUROPATKIN.

General Linevitch, Commander-in-Chief of the Russian army in Manchuria, and General Kuropatkin, the late Commander, have been in command of an army corps, are constantly bickering, and telegraphing mutual complaints to the Czar.

COMMENTS ON THE SITUATION.

It is now 10 days since any reliable news has been received regarding the Baltic Fleet. Whether it has passed from the China Sea through the Bashi Strait, or Bashi Channel, or the open waters of the Yellow Sea, is unknown. EMPIRE DAY.

CHAIN OF CELEBRATIONS.

ROUND THE WORLD.

LONDON, May 25.

Empire Day was celebrated in hundreds of towns and villages in Great Britain. Flags and banners are flying from thousands of churches and public buildings.

"Empire Day" is the chief topic at the speeches at public dinners. The King inspected the Army Corps and unveiled a memorial to the Army Medical Corps at Aldershot.

Celebrations of Empire Day were far more extensive than formerly. There was a plentiful display of flags in London, especially at the Mansion House and at the Colonial Institute. Many of the provincial towns and villages also marked the day by similar decorations of the chief buildings.

The principal feature of the celebrations was the delivering of patriotic addresses in 6000 schools, followed by a prayer to be said at least in every school.

The King witnessed a sham fight at Farnham, Guildford.

A GREAT MEETING AT EXETER HALL.

NUMEROUS FELICITATIONS.

EARL OF MEATH SPEAKS.

A meeting of the Children's Aid Society at Exeter Hall was crowded. A choir of 400 children sang patriotic songs, including the Empire Day Song, "The Flag of Britain."

The Earl of Meath telegraphed to the King the homage of the meeting, and received a gracious reply. The Earl of Meath is a member of the Imperial Order of the British Empire.

The Earl of Meath stated that the chain of Empire Day celebrations round the world was practically complete, so far as the British Empire was concerned.

AUSTRALIAN ELEVEN.

MATCH AGAINST YORKSHIRE.

VICTORY FOR AUSTRALIA.

HOWELL AND LAVER BOWL SPLENDIDLY.

At Sheffield to-day play in the match between the Australians and Yorkshire was delayed for 15 minutes owing to bad light.

The weather was misty, and the wicket was worn. At 10.15 the attendance numbered 2000, and after lunch increased to 5000.

Hirst did not lunch. Rhodes and Haigh took the attack, and Darling joined Kelly, who, after scoring 7, was bowled by Haigh.

71. Darling scored 5, and then saw his partner, McLeod, who put up 10, fall a victim to Haigh with a break ball, which took the middle stump.

Eight for 85. Laver succeeded, and the century appeared in an hour and 50 minutes. Nine runs later Myers was put out, and in his first over he accounted for Darling, who had been at the wickets 50 minutes for 22.

Nine for 100. Cotter, 10, was caught by Denton at long-off from Myers' bowling, and Laver was not out 15. The innings closed for 127, obtained in 2 hours and a quarter.

Yorkshire commenced their innings 232 runs behind. Jackson and Grimshaw opened the batting, Laver and Howell bowling. In the second over Jackson had his off stump knocked down by a good ball from Howell.

8. Rhodes, a batsman partner, was bowled, and 3 more were bowled by Howell in his third over. The departing batsman made his runs in three hits. Two for 14. Howell is breaking back splendidly.

Wickets now fell quickly. Denton was put leg before to Howell at 25, his score being 8. Rhodes, who had 18, was bowled, and 3 more were bowled by Howell in his third over.

The departing batsman made his runs in three hits. Two for 14. Howell is breaking back splendidly.
